

17th October 2011

School material for Primary School Prah Tonle

On Friday the 14th director 2011 Mr. Chau Kim Heng of COMPED Director handed over the donation from children of a German school "Gymnasium Fridericianum Rudolstadt" to the primary school Prah Tonle in Svay Rieng.

In the Gymnasium Fridericianum Rudolstadt 23 students 5b (now 6b) and their teachers collected donation for primary school Prah Tonle. They also wrote a letter in which they described everyday life and included pictures of their class, their hometown, typical foods and events.

The money was used to buy books and other school supplies like chalk, paper, pens and learning aids.

All teachers and the students were very happy about this.

The pictures were admired with great curiosity, for life in a German town is a lot different from life in rural Cambodia.

At the same day a package with pictures, drawing by Cambodian children are on the way to Rudolstadt in Germany.
